INFORMATION RELEASE FORM

Prior to releasing any directory information, we are obligated to notify parents of the types of information that the District designates as directory information. Accordingly, on the back of this form is a copy of our annual FERPA Notice, which is routinely sent to students enrolled in school district programs. At this time, we are advising you that the listing of students identified as being home schooled is considered "directory information" and is subject to public disclosure under FERPA and state law. However, you have the opportunity to inform the District whether you wish to have your student's name and address included or not in the directory information.

Failing a response, the school district will include your name, student's name and address as directory information, which would be available for public disclosure, pursuant to a request for public information. Of course, under Washington State Public Records Law, none of this information can be used by the requestor for commercial or solicitation purposes. Such uses are prohibited by state law.

Name of Parent/Guardian _____ Date _____

Name of Student(s) _____

Address: _____
(Street Address) (City, State, Zip Code)

I wish to have my name, student's name(s) and address included in District directory information.

I do NOT wish to have my name, student's name(s) and address included in District directory information.

Under the Washington State Public Records Act, a public record includes “any writing containing information ... retained by the agency.” The District maintains a log of students listed as being home-schooled for state reporting purposes. Additionally, under the Federal Educational Right to Privacy Act (FERPA), the school district routinely releases information that is categorized as “directory information.” Please see 20 USC § 132 (g) (a) (5); 34 CFR § 99.31. In general, directory information, as defined by the District, includes parent/student names and home addresses.
