

# RENTON SCHOOL DISTRICT WINTER WEATHER SCHOOL CLOSURE AND DELAY OF SCHOOL INFORMATION

Please get information via public announcements on radio, TV and the internet about school closures or delays. These announcements are generally made after 6:00 A.M. Do not call the school district transportation department, the school district administration building, individual schools, or radio stations for information. Answering these calls will reduce our ability to take other necessary action in responding to a weather crisis. All families are encouraged to have a plan in the event school must close before the regular dismissal time.

## SCHOOL CLOSURE OR SCHOOLS STARTING LATE

In case of bad weather, you can expect to hear one of four possible announcements (If there are no radio, TV, or internet announcements about changes, it means we will be operating with regular procedures):

1. Renton schools are “closed” today.
2. Renton schools are “open, 1 or 2 hours late”.
3. Renton schools are “open, 1 or 2 hours late, with limited transportation”.
4. Renton schools are “open on regular schedule, with limited transportation”. (Bus drivers will notify students riding their buses in advance of possible changes in routes and will explain what “LIMITED TRANSPORTATION” means on the various routes.)

When schools are closed for the day, **all** community and school activities held in the public school buildings will be canceled. This includes all scheduled athletic events at home and away.

Messages announcing changes to normal operations begin broadcasting at 6:00 a.m.
